

In answer to your question about choosing PLN participants... each school decides how the teachers will be selected to participate in the PLN regional courses. Hopefully, the selection committee will continue to offer ample opportunities for all teachers to participate in the courses. In addition to the courses, the coaches provide onsite support to all teachers. The Foundations mentors visit each district 4 times a month to help the coaches plan various professional learning opportunities for all teachers. If you have more questions, please contact Gina Calzaferri @ [gina2@gse.upenn.edu](mailto:gina2@gse.upenn.edu) for more information about the PLN courses. I hope my answers were helpful. Ellen Eisenberg, Project Director [Top of Page](#)
